Applications are invited for the position of one Junior Research Fellow @ Rs 25000/- p.m in a MHRD sponsored project on "Designing and fabrication of an aerodynamic lens for nanoparticles of variable size". The post is initially for six months and likely to be extended for three years, subjected to the performance of the candidate. For JRF position, the candidate should be M.Sc. in Physics or M.Tech. in Optics and should have qualified NET-CSIR/GATE with consistently good academic record (at least 60% marks in M.Sc./M.Tech). Upper age limit is 25 years. Candidates selected for the project may register for Ph.D. if found suitable as per IIT rules. Applicants may send their application with their full bio-data along with self-attested copies of all the mark-sheets and certificates and degree within the 15 days of advertisement through email to Dr. Vandana Sharma (Principal Investigator).

email: vsharma@iith.ac.in

No TA/DA will be paid, if called for interview.

- Interview date will be announced shortly after 5th May to the shortlisted candidates.

Last date of accepting the application is 5th May 2017.
