

# Statistical Physics of complex systems

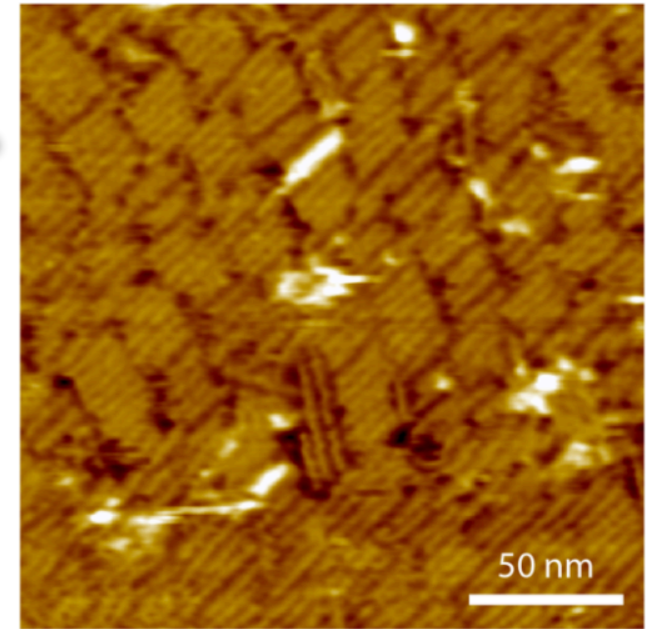

Joyjit Kundu

Self-assembly of anisotropic particles

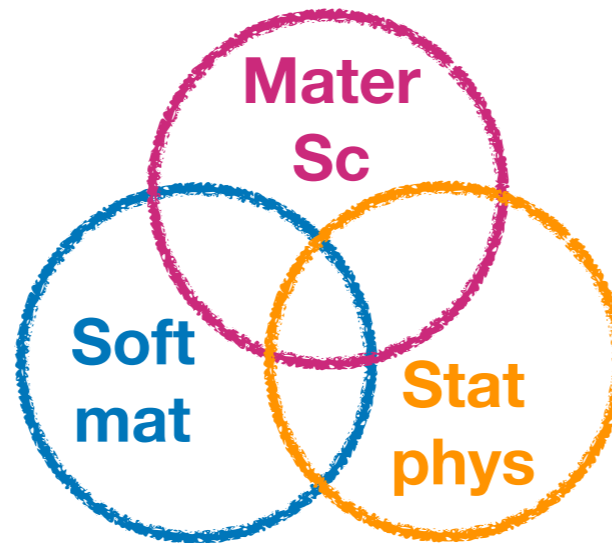

Berthier et al., RMP, 2011

Statistical physics of  
disordered or glassy systems

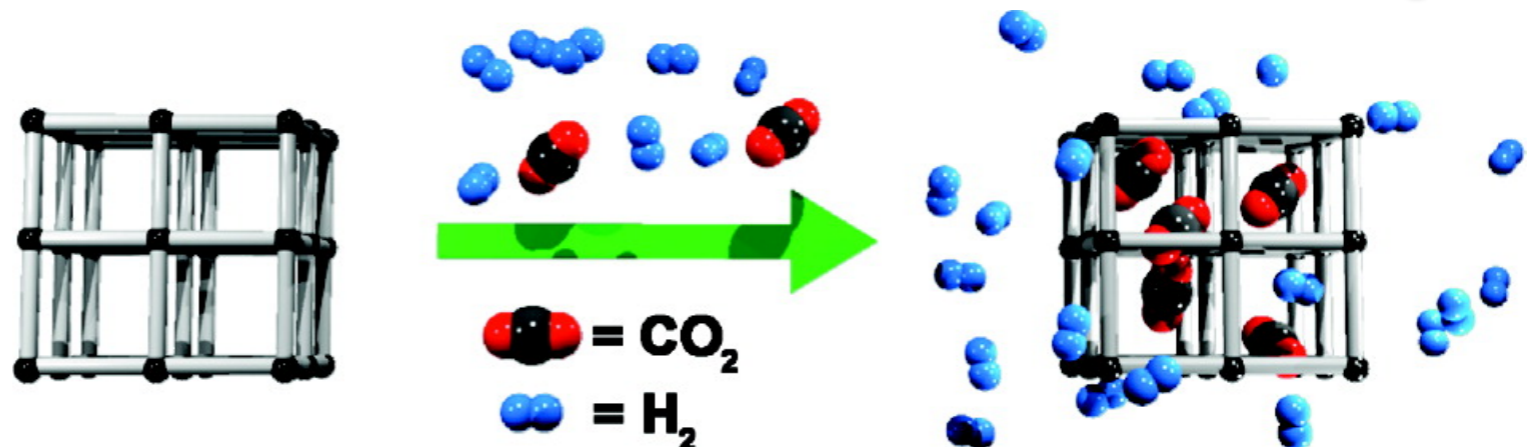

Shuai et al., 2019

Discovery of novel materials for  
selective gas capture and  
separation

**Other interests:** Active  
glassiness in biophysical  
systems, Machine learning

Herm et al., JACS, 2011
